American Engineering Corporation

We Made a Donation to "Misato Children's Home"

American Engineering Corporation donated 500,000 yen to the children's home "Misato Children's Home" on Thursday, October 17, 2024.

AEC has been supporting "Misato Children's Home" for over 50 years.

The donation will be used to cover costs such as obtaining driver's licenses for graduates, tuition fees, and purchasing daily necessities. Moving forward, as a company committed to contributing to the community and fulfilling its social responsibilities, we will continue our efforts to support the healthy growth of children and help build a brighter future for them.
